MHA HOUSING PRE-INSPECTION CHECKLIST

The Marietta Housing Authority (MHA) is required to ensure that all housing units occupied by Housing Choice Voucher (HCV) participants meet certain health and safety standards.

These "Housing Quality Standards" (HQS) are set by the U.S. Department of Housing & Urban Development (HUD).

Before MHA enters into a housing assistance contract and issues rental assistance payments, units must pass an HQS inspection.

Rental units are inspected once every 18 months, with the exception of units with tenants receiving rental assistance through Project-Based Housing Vouchers, or participants in the Homeownership programs.

NOTE:

The owner may not access any portion of the assisted unit for their personal use.

Exterior Items: Must Be in Good Condition

Note: Please make sure street numbers are present and visible from the street in a contrasting color to the unit color.

□ Parking areas must be maintained in good condition and free of unsafe vehicles.

□ **Yards** must be maintained in good condition. Weeds may not exceed 12 inches in height.

□ A handrail is required on stairways of four or more risers, and on unprotected heights over 30 inches (e.g., porches, balconies).

Trash disposal must be available.

☐ Fences must be maintained in good condition (no missing parts, no exposed nails, no deteriorated paint).

Exterior surfaces must not have excessive chipping, cracked, chalking, or peeling paint.

□ Hot water heaters must have a pressure relief valve with a discharge line of galvanized steel or hard copper of the same diameter as the valve opening and directed downward 6–24 inches from the ground. If the hot water heater is inside, it should be vented to the outside or down 6–24 inches from an approved drainage outlet and must have safety dividers or shields.

□ **Roof** must be in good condition and show no signs of leaking.

□ No graffiti allowed on the exterior of house/rental complex, sidewalks, or fences.
